DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1, 2, 5-7, 11-16 and 19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The disclosure provided in paragraph [0024], even with its amended form dated July 22, 2005, fails to clearly define the imaginary circle on which the fixed positions of the ends of the wires are to be located. Further, from the paragraph, it cannot be seen how a second portion of the paragraph starting from "fixed positions"(line 7) to the end of the paragraph is concluded from the first portion of the paragraph through the phrase "In other words" recited on line 7. In addition, the "plurality of elastic support members" recited in claims 1, 2, 5-7, 11-16 and 19 has no disclosed support when the "plurality" is taken to be "four" or "two pairs".

Allowable Subject Matter

Claims 3, 4, 8-10, 17, 18, 20 and 21 are allowed.

Final Rejection

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
